

INDEX

- 40 CFR Part 191 ES-1, 1-5*
- 40 CFR Part 194 ES-1, 1-6*
 - 40 CFR § 194.22, incorporation of 5-3*
- applicable regulations 1-5*
- assurance requirements 7-1*
 - active institutional controls 7-4*
 - monitoring 7-25; see also Appendix MON and Appendix DATA*
 - multiple barriers 7-80*
 - passive institutional controls 7-54*
 - resource considerations 7-87*
 - waste removal 7-89*
- audits Appendix AUD*
- climatic conditions*
 - historic 2-163*
 - recent 2-166*
- Compliance Recertification Application*
 - summary of changes 1-7*
 - synopsis 1-15*
- containment requirements 6-1*
 - calculation of scenario consequences 6-74*
 - performance assessment*
 - methodology 6-15*
 - results 6-181*
 - scenario development and selection 6-58*
- EPA certification decision conditions 1-3*
- features, events, and processes*
 - identification and screening of 6-33*
 - reassessment of 6-57*
- geology*
 - geologic history 2-12*
 - physiography and geomorphology*
 - seismology 2-168*
- geology, con't*
 - non-tectonic settings and features 2-72*
 - seismic history 2-185*
 - seismic risk 2-185*
 - tectonic setting and features...2-63*
 - stratigraphy and lithology...2-18*
- hydrology*
 - groundwater 2-86*
 - surface water 2-133*
- long-term performance, evaluation of 1-12*
- Peer Review*
 - after 40 CFR Part 194 promulgation 9-8*
 - conducted in addition to 40 CFR §194.27(a) requirements 9-64*
 - requirements 9-3*
 - processes 9-4*
 - (see also Appendix PEER)*
- project background...1-9*
- protection requirements*
 - compliance summary 8-19*
 - individual 8-1*
 - groundwater 8-10*
- Quality Assurance Program 5-1*
 - adequacy, implementation, effectiveness 5-29*
 - applicability 5-27*
 - CBFO audit process*
 - CBFO Program Document 5-23*
 - requirements 5-2*
 - (see also Appendix QAPD)*
- resources*
 - extractable 1-137*
 - cultural and economic 1-145*
- transuranic waste Appendix TRU WASTE*
